

Newsletter - March / April 2009

Dear Customer,

In April BioEPS presents **NEW** course modules:

miRNA qPCR Module in cooperation with Qiagen

Issues:

- miRNA, siRNA, RNAi: theory and applications
- PCR with miRNA: from extraction to data analysis
- Normalization and Quantification of miRNA data

Dates:

20. – 22. April 2009 (English)

13. – 15. July 2009 (English)

Single-cell qPCR Module in cooperation with Advalytix

Issues:

- Single cell theory and applications
- Pre-amplification, RT and PCR with single cells
- Data analysis of single cell experiments

Date: 27. – 29. April 2009 (English)

We look forward to welcome you at our facilities in Freising.
