

Workshop

Plexor™ - the new technology for multiplex qPCR and genotyping

**Thursday, March 29th, 2007
at the TATAA Biocenter, Munich, Germany**

**As part of the 3rd qPCR Symposium & Industrial Exhibition & Application Workshop",
Technical University of Munich, Physiology
Weihenstephan, Germany**

Program:

- Introduction
- Primer Design
- Practical Setup qPCR Multiplex Reaction
- qPCR run
- Data analysis
- Discussion

Two sessions will be held: 9:30 h to 12:30 h and 14:00 h to 17:00 h.
Attendance is free. Registration is required. Please fill in the following form.

**Registration Form
Plexor Workshop (Thursday, March 29th, 2007)**

Fax-No **+49(0)621-8501-222**, Promega GmbH,
or E Mail: **de_techserv@de.promega.com**

- Yes, I want to attend the free Plexor workshop with ___person/s (please specify names below)

at 9:30 h to 12:30 h

at 14:00 h to 17:00 h

Titel / Name(s): _____

Institute / Organization: _____

Divison: _____

Address: _____

Zip Code: _____ City: _____

Telephone.: _____ Fax: _____ E-Mail: _____

- I cannot attend the workshop. Please send me more information about Plexor.
